

People shouldn't be in jail because they can't afford bail

Cash bail is hurting our community through high bonds.

Cash bail is keeping families apart.

<http://calebcha.org>

63% of inmates in Hamilton County are pretrial.

It costs county taxpayers \$57,000 daily to house pretrial detainees. Should taxpayers pay \$20.8 million annually on average to house people presumed innocent until proven guilty?

People shouldn't be in jail just because they can't pay bail.**

PEOPLE risk losing families, jobs, vehicles, homes, and freedoms before getting a fair trial.

Let's do away with cash bail!

**Average bond in Hamilton County is \$5000

Dear _____,

As your constituent, I urge you to put an end to cash bail now.
